# WE MAKE WORK EASIER

Whether it's handicrafts or DIY - there are no limits to the implementation of creative ideas. But when it comes to making things, it's not just the end result that counts but how you achieve it. Those who put plenty of time and enthusiasm into working with paper should be able to enjoy it from start to finish.

To ensure that every project is a success, the brands Novus and Dahle offer reliable and practical tools with well thought-out features for any DIY project.

Our mission: We make work easier!

## Rotary Trimmers DAHLE 507, 508

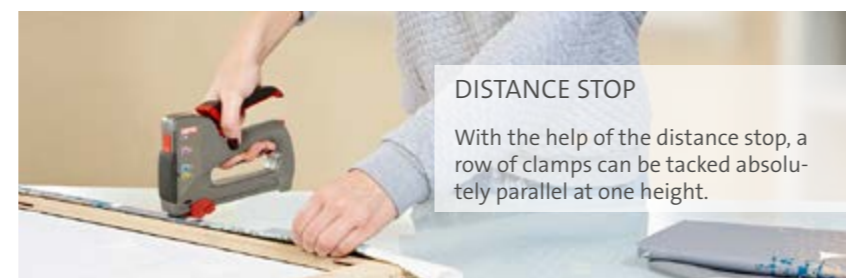

- Stable metal base with non-slip rubber feet for a secure stand
- Useful format lines make it easier to align the material to be cut
- Self-sharpening steel rotary blade enclosed in safety cutting head, ground
- Lower steel blade
- Automatic clamping on the cutting line to quickly fix in place the material to be cut
- Creative set for both models with three cutting heads for perforation, folds and deckle-edge cut is optionally available

## There is love in every detail.

Brand products from Novus Dahle stand for well thought-out features and convenient use - that's how good tools should work!

### DISTANCE STOP

With the help of the distance stop, a row of clamps can be tacked absolutely parallel at one height.

### CREATIVE SET

The practical Creative set can be used in just a few steps for endless possibilities: for simple folding, perforating and for deckle cutting with the rotary blade.

### SELF-HEALING SURFACE

Indestructible cutting mats: The self-healing surface closes independently after the cutting process.

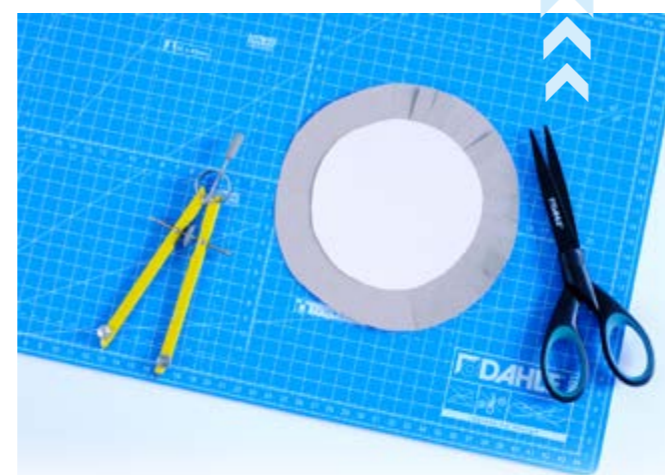

## Hand Tacker NOVUS J-29

- Easy change between fine wire and flat wire staples
- Ergonomic soft grip lever for comfortable working
- Handle lock for storage when not in use
- Clearly visible clamp level indicator
- Bottom loading mechanism with safety release for fast reloading
- A row of staples is stapled parallel at one height using a distance stop
- Long nose for precise work in hard-to-reach places
