

# Electric tacker J-120

- Small, powerful electric tacker for attaching fabrics and textiles, optimal for interior decorating and workshop use
- Uses fine wire staples up to 14 mm and nails up to 16 mm
- Long nozzle for precision fastening at hard-to-reach places
- Blank firing guard means staples are only released when tacker is in contact with material.
- Ergonomic design for comfortable use
- Bottom-loading mechanism with safety lock release for quick reloading.
- Easily visible staple level
- For accurate results, the design line on the front of the tacker indicates exactly where the staples exit

# Electric tacker J-120

The J-120 has a 2-metre cable.

Easily visible, coloured pictograms indicate which staples the tacker can process.

The tacker's narrow and long nozzle also permits precision stapling at hard-to-reach places.

Integrated staple slider for quick loading of staples. All parts form a single unit with no loose parts to lose.
