

NOVUS TSS Crossbar basic

- Easy retrofit solution for standard monitor support arms (e.g. TSS folding arm III) on double-monitor holder.
- Extremely quick and easy mounting of cross bar using Novus QuickRelease or universally on VESA standard 75/100
- Cross arm weight: 2.1 kg (deduced from the max. monitor support arm carrying capacity)
- Suitable for monitor widths from 405 to 695 mm. That includes monitors up to 30".
- The cross arm has a fixed concave design with 7.5° indent on each side.
- Obligatory supplement is a monitor support arm with VESA mount.
- Easy mounting of the monitor on the cross bar using the Novus QuickRelease, suitable for VESA standard 75/100
- Mounting of two monitors of up to approx. 6.4 kg each (for support arms with load capacity up to 15 kg). Please observe the max. total carrying capacity of the combined monitor support arms!
- Tool-free installation for different monitor sizes using slots and four knurled-head screws on the back
- Total width 775 mm
